TEEM'19

$\mathbb{Q}$

Call for Papers

The 7th edition of the **Technological Ecosystems for Enhancing Multiculturality** (TEEM) conference will be held at León, Spain, from **October 16 to 18, 2019**. It is organised by the Robotics Research Group **of the University of León**. This event brings together researchers and postgraduate students interested in combining different aspects of the technology applied to knowledge society development, with a special attention to educational and learning issues regarding, but not limited to, the following broad-scope research areas: Educational Assessment and Orientation, Human-Computer Interaction, eLearning, Computers in Education, Communication Media and Education, Medicine and Education, Learning Analytics, Engineering Education, Robotics in Education, Diversity in Education, Supercomputing in Education and Information Society and Education. TEEM is divided in thematic and highly cohesive tracks.

Each **track** shares the scientific and formal aspects for paper submissions, peer reviews and publication. Nevertheless, the track chairs will organise the proper dynamics to achieve the most important goal: to create a researching community. Therefore, the conference social events are open to all participants, including those registered as students, for strengthening the intercultural and multicultural skills among them, independently of the tracks they are involved.

List of Tracks

- [Track 1. Computational thinking and robotics in education](#)
- [Track 2. Engineering Education addressing Professional Challenges](#)
- [Track 3. Evaluation in education and guidance](#)
- [Track 4. Bridging the diversity gap in STEM](#)
- [Track 5. Learning Analytics: The End of the Beginning](#)
- [Track 6. Merging new Technologies with Health Sciences Education and Practice](#)
- [Track 7. Advances on Sustainable Development in Higher Education](#)
- [Track 8. Implementation of Qualitative and Mixed Methods Researches](#)
- [Track 9. Supercomputing education: Thinking in parallel](#)
- [Track 10.Teacher Education for ICT integration in classroom](#)
- [Track 11. Smart Learning](#)
- [Track 12. Educational Innovation](#)
- [Track 13. Uncertainty in Digital Humanities](#)
- [Track 14. 10th International Workshop on Software Engineering for E-learning (ISELEAR'19)](#)
- [Track 15. Communication, Education and Social Media](#)
- [Track 16. Doctoral Consortium](#)

Committee

Conference Chair:

- Francisco José García-Peñalvo (University of Salamanca, Spain) – Chair
- Miguel Ángel Conde (University of León, Spain) – Local Chair
- Camino Fernández-Llamas (University of León, Spain) – Local Chair

Steering Committee:

- Francisco José García-Peñalvo (University of Salamanca, Spain) – Chair

- Ricardo Colomo-Palacios (Østfold University College, Norway)

- Ángel Fidalgo Blanco (Technological University of Madrid, Spain)

- David Griffiths (University of Bolton, UK)

- María José Rodríguez-Conde (University of Salamanca, Spain)

- Peter Sloep (OUNL, The Netherlands)

- Robert Tennyson (University of Minnesota, USA)

Organizing Committee:

- Francisco Jesús Rodríguez-Sedano (University of León, Spain)

- Francisco Javier Rodríguez-Lera (University of León, Spain)

- Ángel Manuel Guerrero-Higueras (University of León, Spain)

- Eloy García-Marcos (University of León, Spain)

- Gonzalo Esteban-Costales (University of León, Spain)

- Alexis Gutiérrez-Fernández (University of León, Spain)

- María del Carmen Calvo-Olivera (University of León, Spain)

- Claudia Álvarez-Aparicio (University of León, Spain)

- Jesús Balsa-Comerón (University of León, Spain)

- Razvan Raducu (University of León, Spain)

- Flavio Rodrigues-Dias (University of León, Spain)

- Alicia García-Holgado (University of Salamanca, Spain)

- Lucía García-Holgado (University of Salamanca, Spain)

Submission Guidelines

Authors are invited to submit full, original, unpublished research papers that are not being considered for publication in any other forum. The Program Committee will referee all submissions for quality, originality, and relevance. All contributions (5-8 pages) will be written following the Word template provided by ACM (http://www.acm.org/publications/article-templates/proceedings-template.html/) and should apply ACM Computing Classification categories. The templates provide space for this indexing and point authors to the Computing Classification Scheme at: https://www.acm.org/publications/class-2012. The first anonymous version must be submitted in PDF.

Paper must be submitted through EasyChair platform at https://easychair.org/conferences/?conf=teem19.

Important dates

- **Paper Submission**: ~~15 June 2019~~ 30 **June 2019 (extended deadline)**

- **Notification of acceptance**: 20 July 2019

- **Camera-ready deadline**: 6 September 2019

- **Registration deadline**: 29 September 2019

Publication

All accepted papers will be published in the conference proceedings, which will be published in the ACM Digital Library as a volume in its International Conference Proceedings Series with ISBN and indexing in SCOPUS.

Authors with best papers will be invited to prepare and submit extended versions to be considered, after a new peer review, for publication in several special issues in scientific journals. Some of them are mainly linked to specific tracks (as it is described in each track page), others have a more transversal scope and papers from all tracks may be invited.

Contact

All questions about submissions should be emailed to **info@teemconference.eu**
